

### Introduction

The 8th International Conference on System Reliability and Safety Engineering (SRSE 2026) will be held from **August 7 to 10, 2026 in Xi'an, China**. Here, you will have the opportunity to gather and exchange ideas with scholars in the field of **system reliability and safety engineering**, as well as professionals from various sectors interested in cutting-edge reliability technologies, while also expanding cooperation. We sincerely invite experts and scholars from all over the world to attend this conference, jointly advancing the development of system reliability and safety technologies and their application fields.

### Co-Chairs

**Prof. Loon Ching Tang**  
NUS  
Fellow, SAEng

**Prof. Lei Yaguo**  
XJTU  
ASME Fellow

**Prof. Feng Ke**  
XJTU  
National Young Talent

### How to Submit

Log in to the submission system to submit your paper:  
<https://www.zmeeting.org/submission/srse2026>  
or send email to [srse@sciei.org](mailto:srse@sciei.org)

### Publication

- **Proceedings:** Accepted papers are expected to be indexed in IEEE Xplore, EI Compendex, Scopus, etc.
- **SCI Journals:** Excellent papers will be recommended to: Quality and Reliability Engineering International (IF: 3.007); Ocean Engineering (IF: 5.5); Intelligent Equipment (New high-standard journal).
